Councilmen O'Farrell

There is an apartment complex at [139 S Occidental Blvd. 90057](#) that has been sitting vacant for about a year. Is it possible for the city acquire it to provide housing for the homeless? They have begun to set up tents on the median on South Occidental Blvd where you so graciously help us to plan flowers on the rounders. This really makes the street look blighted. It makes no sense for these poor people to be setting up tents on the streets when there are apartments just sitting there unoccupied. I have no idea who owns the complex, but whoever it is has not done anything to reoccupy the apartments.

Hoping something can be done to help the homeless as well as restore our street to its natural beauty.

Hi Carolyn,

The Councilmember asked that I follow up with your email regarding the issues with the property along Occidental.

I am following up with Building and Safety see if there are any violations that need to be addressed.

We are also working on getting this area scheduled for a full service day. The City is limited in what it can do to prevent anyone from coming back to public property.

Thank you for reaching out to our office.

Please let me know if you have any questions.
